DC Advisory advised Numara Software on its sale to BMC Software

DC Advisory* served as exclusive financial advisor to Numara Software in its announced sale to BMC Software (NASDAQ: BMC) for \$300 million. Numara provides service and IT asset management software that enables organizations to optimize service delivery to end users. Numara's FootPrints, Track-It! and on-demand Numara Cloud products strengthen BMC's existing IT operations management portfolio and increase the company's reach into mid-market organizations.
