# DC Advisory advised Neighborhoods.com on its growth capital investment from Long Ridge Equity Partners

DC Advisory US, acted as the exclusive financial adviser to Neighborhoods.com, LLC (Neighborhoods.com) on its growth capital investment from Long Ridge Equity Partners.

Neighborhoods.com helps people find the perfect neighborhood and home through its online real estate marketplaces (55places.com, the leading real estate website for age-restricted communities and active adult homebuyers, and neighborhoods.com, a neighborhood-focused online real estate website for all homebuyers). It provides homebuyers with home sale listings across the U.S., comprehensive area descriptions, photos, independent reviews, and access to its programme of qualified agents.

Jane and the team at DC Advisory were outstanding during the fundraising process. Their patience, perseverance, and ability to guide us were essential to completing a successful transaction. They were focused on not just helping us raise capital, but on finding the right partner for us
