DC Advisory advised FireDos on the sale to Virthos Partners

FireDos[®]

- FireDos is a premium fire fighting equipment specialist developing, manufacturing and distributing leading foam proportioners and monitors for stationary as well as fire brigade applications
- The quality of FireDos' products is based on a deep vertical range of manufacture and certified by highly respected institutions such as Factory Mutual (FM) and the Germany VdS along various national approvals
- FireDos operates four locations in Germany and Poland and sells its products in more than 55 countries
- Virthos Partners is an independent, owner-managed investment partnership which invests in industrial "Mittelstand" companies (privately held SMEs) in the German-speaking part of Europe and supports them through strategic and operational initiatives to realise their full potential
