DC Advisory advised Sungard on the sale of select data center assets to Vxchnge

SUNGARD®

VXCHNGE.

DC Advisory* is pleased to announce that its client, Sungard Availability Services (Sungard AS), has sold select data center assets to vXchnge.

Sungard AS has more than 30 years of experience providing flexible availability services that help ensure organizations keep applications always on, always available. The company leverages its proven expertise to provide managed IT services, information availability consulting services, business continuity management software and disaster recovery services to clients in North America, Europe and India. Sungard AS helps customers improve the resiliency of their mission critical systems by designing, implementing and managing cost-effective solutions using people, processes and technology to address enterprise IT availability needs.
