# DC Advisory advised Ciclad and Copac on the sale of Copac to Alliance Entrepreneurs and Bpifrance

Founded in 1990, Copac has grown to become one of the major French players in the design and distribution of construction equipment.

The company has developed a large portfolio of working and shoring platforms as well as shoring towers that meet the evolving safety standards of the construction industry.

Through its distribution network of 6 sites spanning continental France and the Reunion island, the Group has generated close to €20m revenues in 2017.

DC advisory advised Ciclad and Copac's minority shareholders on its disposal to Alliance Entrepreneurs and BPI France alongside the management team.

As sole M&A advisor to the shareholders, DC Advisory supervised a process opened to a limited number of investment funds.

This transaction strengthens DC Advisory's expertise in the Business Services and Construction sector.
