PTC®

DC Advisory\* acted as financial advisor to Enigma, Inc., a portfolio company of Insight Venture Partners, in its sale to PTC, Inc. Enigma, Inc. is a developer of software used by OEM dealer networks and field service operators to manage the maintenance, repair and overhaul of heavy equipment in highly regulated industries. Enigma's products aggregate a wide variety of service content across formats and then repurpose and present that information for technicians or end users requiring technical and parts information to operate, maintain and service complex products.
