# DC Advisory advised MedBridge on its investment from LLR Partners

MEDBRIDGE

LLR Partners

DC Advisory is pleased to announce that its client MedBridge, an industry-leading provider of patient engagement and clinical education solutions, has received an investment from LLR Partners.

MedBridge's comprehensive platform provides evidence-based clinical and professional education, patient education and home rehabilitation programming for medical and allied health professionals. The platform's tracking and reporting capabilities aim to improve patient outcomes and operational excellence by identifying and remedying performance gaps through personalized, education-based solutions. MedBridge's advanced training programs support healthcare organizations to attract, develop and retain talent in order to continually elevate patient care.

Justin Balciunas and his team delivered well beyond and what they promised. With years of education and deal experience, they kept us highly informed throughout every stage of the well-managed transaction. Our team could not have imagined the process being better orchestrated.

Justin Kowalchuk  
Founder and CEO of MedBridge
