DC Advisory advised Sentilla on its sale to Ericsson

DC Advisory* is pleased to announce that its client, Sentilla, a provider of continuous IT infrastructure intelligence software for IT organizations who want to dynamically optimize their workloads across their physical, virtual and cloud infrastructure, has been acquired by Ericsson, a world-leading provider of telecommunications equipment and related services to mobile and fixed network operators globally.

Sentilla's plug-and-play analytics solution layers on top of existing tools and infrastructure to drive optimal performance, real-time workload management, and better informed deployment decisions. Sentilla provides Ericsson with enhanced competence in cloud performance management and data analytics, as well as resource usage optimization.
