# Edward Nie biography

**ABOUT**

Eddie is part of our DC Advisory US team where he focuses on the transportation, logistics and supply chain technology sectors. He has more than 10 years' investment banking and M&A advisory experience.

Eddie earned his B.S. and M.B.A. from The Wharton School and B.S.E. in Chemical Engineering from the University of Pennsylvania as part of the Jerome Fisher Program.

**Eddie says:** "Dedication, execution and excellence are what we commit to all of our partners. Combined with our 10+ year track record in the Transportation, Logistics and Supply Chain Technology sectors, we deliver unique and tailored insights to each of our engagements."

**Client testimonial:** "Dave Dolan, John Roediger, Eddie Nie and the DC Advisory team have been great long-term partners to us. They demonstrated their deep transportation and supply chain tech experience during our growth investment in 2016, and again during this process where they helped us find the right partner for our next stage of growth in ICONIQ." Paris Cole, CEO, Truckstop.com
