Debt Advisory & Restructuring

LOCATION

Edward Godfrey biography

ABOUT

Ed is part of our DC Advisory UK' Debt Advisory & Restructuring team, with more than 15 years' investment banking experience.

Prior to joining DC, he worked in origination execution, portfolio management, CLO portfolio management and restructuring at both BNP Paribas and RBS. He began his career at PwC where he qualified as a Chartered Accountant.

Ed says: "I joined DC for its excellent reputation and very quickly came to appreciate its collegiate approach. It operates with the 'fleet-footedness' of a boutique firm, but with the backing and connections of a truly-global business - a benefit we are able to pass on to our clients in providing the right advice for each transaction."

COMPLETED TRANSACTIONS
