# John Roediger biography

**ABOUT**

John is part of our DC Advisory US team and has more than 20 years' investment banking experience. John is skilled in all aspects of capital formation, a leader in buyouts, growth equity (Public and Private), primary and secondary investing and special situations on a global basis.

Prior to joining DC, John was a Founder at Montgomery & Co., Managing Director at JP Morgan, and Partner with Hambrecht and Quist.

**John says:** "I work hard to earn and maintain the trust of my management teams and shareholders. My experience and leadership using innovative strategies to create successful outcomes can be the difference between success and failure."

**Client testimonial:** "I can't thank John Roediger (JR) and the DC team enough for their brilliance with regards to this transaction. JR's incredible ability and talent to formulate the right strategy and execute on such a strategy in a complex and intense manner is the only reason our transaction closed, and at a level of an outcome that frankly is astonishing. My shareholders and I could not be more happy. I look forward to working with JR and the DC team again." *David Mysona, Founder & CEO, Blackstone Technology Group*
