- AgileBlue is experiencing strong momentum, driven by a rising demand for cybersecurity solutions
- As organizations across North America and Europe face heightened regulatory pressures and more sophisticated cyberattacks, AgileBlue's AI-powered platform helps safeguard critical assets
- H.I.G. Growth Partners (H.I.G. Growth) is the dedicated growth capital investment affiliate of H.I.G. Capital, a leading global alternative investment firm with \$69 billion of capital under management

## Process

- DC Advisory was engaged by H.I.G. Growth as financial advisor to provide buy-side advice on its strategic growth investment in AgileBlue

## Outcome

- H.I.G. Growth announced its investment in AgileBlue in May 2025
- This partnership builds on H.I.G. Growth’s established record of supporting and advising cybersecurity and enterprise software investments as evidenced by its targeted investments in cybersecurity companies, such as Corelight, JumpCloud, Trace3, HelpSystems, ECI, and Lancopé
